About Daytona Supply

Daytona Supply was originally started in 1991 as a supplier to Building Service Contractors and as a vacuum cleaner sales and repair facility.

In April, 1992, the McKee family purchased then Daytona Janitorial Supply. Dee was customer service, Ted handled the sales and Doug handled all delivery and warehouse chores. Our product line was janitorial supplies and cleaning products, and our largest market was the hospitality market. During 2001 and 2004, the hospitality market suffered some drastic changes due to the fires, 9/11 and the hurricanes.

It was against this backdrop that it was decided that we would change our name to Daytona Supply and utilize Ted's background as a package designer and packaging engineer to change our emphasis from janitorial supplies to that of a total supplier of supplies to industrial accounts.

Since 2001, we have added such world class suppliers as Sealed Air Corporation, Cellofoam, and have seen Bay West become a Green Certified company.

Presently, Daytona Supply stocks over 50 different sizes of stock boxes, bubble pack, bubble mailers, steel and plastic banding, several different types of tape, packing peanuts, toilet tissue, paper towels, wipers, floor and carpet cleaners, hand cleaners, deodorizers, brooms and brushes, mops and floor finishes. We have certainly become the one stop shop for industrial accounts.

In addition, we have expanded our personnel. Dee has since retired, Ted has entered the phase of partial retirement, and Doug has assumed the role of General Manager. We have added Tony Sanchez as our Office Manager and Mark Skeen has moved from driver to salesperson.

Inside this issue:

We will always attempt to be competitive on all of our pricing. If you see an item in our catalog that we are not competitive on, please bring it to our attention. As always, you may combine sizes of stock boxes for the total quantity pricing.

Remember, there is no freight and no minimum order. Due to the current environment of fuel pricing, there is a fuel surcharge.

If you don't see it in our catalog, please give us a call and we will provide you pricing on that item.

No freight—no minimum order on stock items

Custom Boxes

Daytona Supply can provide custom design and printed boxes. We have an extensive background in box design and sample making. You provide the product and we will help you design the box and any interior packaging that may be required to provide safe transit for your product. Shown below are representations of some of the packages that we have designed, as well as some of the printing jobs that we have supplied.

We can print boxes in one or two colors, we can make any size or style, we can combine corrugated with foam, or we can do any combinations of the above. As you can see, our abilities are endless.

Let us take a look at your needs and help you design a package that will get your story and your product delivered.

*Custom design, custom print, custom inserts—Daytona Supply
can do it all*

Custom Design Packaging

Daytona Supply can custom design specialized packaging for your product, regardless of the fragility or specialized nature of your package. By either using EPS or PE Foam, we can provide a package that will withstand any and all drop tests. Below are pictures of some of the packages that have been designed.

Did you know that Daytona Supply has access to two complete packaging labs that can help in your package design

Tapes

Reinforced gummed tape

- High grade draft paper reinforced with strong fiberglass yarns
- Reinforced tape seals boxes with one piece of tape
- Water activated adhesive bonds to corrugated even in dusty or dirty conditions
- Can be used in any machine designed for water activated tape

Industrial Tapes

Filament strapping tape

- Bundle odd shaped materials, unitize and seal packages.
- Secure loose parts during shipment.
- Glass filaments reinforce tape to give super strength.
- Superior holding power over twine or glue closures

Masking tape

- General purpose tape for light duty masking and packaging
- Blue 7-day tape stays in place in the sun
- Cleans off easily without leaving any glue residue

As the inventors of Bubble Wrap® cushioning over 46 years ago, our secret to a better bubble has always been starting with a full air bubble and keeping a full air bubble. Simply stated, in order to protect your products from the hazards of the shipping environment the air has to be there and stay there.

How do we do it? Bubble Wrap® protective packaging employs a "barrier layer" which retains air...providing superior, longer lasting protection over other brands. The difference is in the barrier and the crisp snap of the pop! See the advantages of using Bubble Wrap® [brand](#).

Sealed Air, the world's leader in flexible packaging

Packing Peanuts

Our fast selling packing peanuts have the following advantages:

- **Void fill**—surrounds entire product for total protection of your shipment.
- **Interlocking**—peanuts interlock and prevent “settling
- **Lightweight**—easy to use and easy to handle
- **Low cost**—assures product and labor costs are kept to a minimum

Bag size	1 bag	5 bags	10 bags	15 bags
20 cubic foot				

Biodegradable peanuts

- Decomposes in water leaving no toxic waste. FDA approved
- Static free organic cornstarch
- Dispenses and vacuums like traditional peanuts
- Will not contribute to land fill problems

Bag size	1 bag	5 bags	10 bags	15 bags
14 cubic foot				

Peanut Hopper

Release the right amount of peanuts every time you fill a carton.

- Squeeze the spring loaded scissor valve to control flow of peanuts
- Mounts to warehouse ceiling. Includes 13 ft. or rope and 2 pulleys for height adjustment and refills.
- Heavy duty canvas bag with reinforced flexible tubing.
- Available in 15 cu. foot size, 20 cu. foot size, 40 cu. foot, 60 cubic foot and 80 cubic foot sizes

Need larger quantities of packing peanuts, give us a call for a special quote

Polyethylene Foams

- Resilient and cost/labor efficient
- Clean, non-abrasive and lightweight
- High-cling, low-slip material holds securely
- Leaves no greasy residue
- Resistant to moisture damage and provides excellent thermal insulation
- Made of recyclable, low density polyethylene
- Reusable
- An efficient replacement for bulkier, heavier packaging materials to help reduce solid waste
- Wide range of thicknesses available - from 1/48 inch to 1/4 inch
- Cell-Aire® Laminates combine soft, resilient polyethylene foam with either kraft paper or high density film

- Clean, non abrasive, lightweight and waterproof.
- Meets Federal Specification PPP-C-1725D and A-A-59135
- Prices are per bundle
- All bundles are 72" wide, cross perforated every 12". Bundles can be slit at any combination of 72".

Mailing Bags

High Quality Jiffylite® Mailers Add Up To Great Value!

- 3/16" Barrier Bubble® layer offers maximum air retention and cushioning — light weight for postal savings.
- Seamless bottom increases protection and strength.
- High-slip air cellular lining and fully laminated construction provide superior stiffness and facilitate insertion.
- Convenient self-seal closure saves labor.
- Standard colors of kraft are satin gold (100% recycled) and white. Both are ideal for custom printing.
- Eleven standard sizes are offered including 7 1/4" x 8" size for CDs (satin gold only).

Number	Size	Case Pack	Price
#000	4" x 8"	500	
#00	5" x 10"	250	
#0	6" x 10"	250	
#1	7 1/4" x 12"	100	
#2	8 1/2" x 12"	100	
#3	8 1/2" x 14 1/2"	100	
#4	9 1/2" x 14 1/2"	100	
#5	10 1/2" x 16"	100	
#6	12 1/2" x 19"	50	
#7	14 1/2" x 20"	50	

Durable Jiffy® ShurTuff® Mailers Withstand Today's Tough Shipping Environment!

- Proprietary multi-layer film is puncture, tear and water resistant.
- Smooth, opaque inner layer assures security while easing product insertion.
- Self-seal closure is tamper resistant and saves labor.
- Perforated strip makes opening easy.
- Custom printing available in up to six PMS ink colors.
- ShurTuff® Select mailers incorporate a textured, paper-like surface that improves stackability, handling and appearance.
- ShurTuff® Preview mailers include a transparent side — perfect for displaying promotional items for added visual appeal.

Size	Case pack
6" x 9"	1000
7 1/2" x 10 1/2"	1000
9" x 12"	500
10" x 13"	500
12" x 15 1/2"	500
14 1/2" x 19"	250
19" x 24"	125
24" x 24"	125

How To Select The Right Jiffy Mailer® Size

Determine the width:

Width (W) of product + thickness (T) of product + 1/2"

Determine the length:

Length (L) of product + thickness (T) of product + 2"

Note:

Usable depth is approximately 1 1/4" less than stated except for Jiffy Rigi Bag® and Jiffy® ShurTuff® Mailers.

Size Example:

Product is a 4" x 7 1/2" x 1" (W x L x T) Video.

Recommendation:

#1 Mailer 7 1/4" x 12" (Usable depth is 10 3/4")

Sample Size Selection Chart

Width		Length	
Width of product	4"	Length of product	7 1/2"
Thickness of product	1"	Thickness of product	1"
+ 1/2"	1/2"	+ 2"	2"
Width of mailer	5 1/2"	Length of mailer	10 1/2"

Other Sealed Air bags that are available include the Jiffylite White, Jiffy TuffGard, Jiffy Padded, Jiffy Padded Self seal, Jiffy Utility, Jiffy Utility Self-seal and the Jiffy Rigi Bag

Let us provide you with a sample bag to check the fit of your product, as well as postage costs

Bubble Out Bags

Sealed Air Barrier Bubble technology provides:

- **Superior Cushioning**—Higher initial height, fullness and greater strength than non-barrier brands
- **Longer Lasting Protection**—Air retention layer maintains consistent cushioning throughout the shipping cycle.
- **Labor Savings**—Simply insert product and close with self seal tape, eliminating wrapping and taping.
- **Lower Material Usage**—Available in 10 different sizes to form-fit almost any product; no over packing or material over use.
- **Efficient Quality Control**—Transparent air cellular material allows material allows easy product identification without product removal.
- **Static Protection**—Anti-static material is available for ESD-sensitive applications.
- **Bubble Wrap Bags**—PC-220 3/16” thick

roll and bottom core holder
keeps it firmly in place. **Won't
slip or lose tensioning.**

Item	Price
Hand held dispenser	\$69.60

Daytona Supply also represents some of the leading manufacturers of automatic stretch wrap equipment. If you are in the market for replacing an automatic wrapper, or are upgrading your facility to include an automatic wrapper, give your sales representative a call to set an appointment to review your needs and requirements.

Due to extreme fluctuations in the resin market, which is the basis of stretch film, we are unable to publish prices at this time. Please call your sales representative and get current pricing.

Steel banding

1/2" x .020

100 lbs. Per coil

Plastic banding

Item	Tensile	Packing	Price
1/2" x 7200'	400#	16" x 6" core	
1/2" x 7200'	400#	8" x 8" core	
"UPS" Pack	300#	3000' of strap, 100 buckles and cutter	

Other sizes of stretch film are available, just ask your representative for a quote

Strapping equipment

Steel equipment

Steel strapping carts are available for both steel and plastic strapping. They will also adjust to work with both 8 x 8 coils and 16 x 6 coils. These carts are mounted on wheels to provide mobility, and they include a tensioning apparatus to keep tension on the strapping to prevent free wheeling. There is also a compartment on the back of the cart to hold tools and seals.

The standard duty windlass type tensioner is designed for use with 1/2" and 3/4" strapping up to .020 thickness. Different tensioners are required for steel and plastic strapping. The opportunities in strapping tensioning are endless, you can get equipment with built in cutters, built in crimpers, and even a unit that contains a cartridge of seals.

The standard crimper is size specific, meaning that a 1/2" crimper will only work on 1/2" strapping, etc.
